## SCHEDULE "A"

### FAÇADE RESTORATION LOAN PROGRAM DETAILS

**PURPOSE:** To provide financial assistance to property owners for façade improvement to buildings designated under Part IV or V of the Ontario Heritage Act, R.S.O. 1990, Chapter 0.18 that are within the Community Improvement Area as shown in Schedule "B".

**FUNDING:** The program will be funded in an amount determined by Council which will be placed in an interest-bearing revolving account which will receive loan repayments and accumulate interest. The cost of lien registration and discharges as well as loan defaults will be charged to this fund.

**ELIGIBLE FAÇADE IMPROVEMENTS:** The façade improvements must conform to the Official Plan Heritage Conservation Policies and the Heritage Conservation District Plan. Only exterior renovation will be eligible. Visible portions of the backs of buildings from adjacent streets may be eligible for funding only after the street façade has been improved. Professional fees (architects, engineers, solicitors, etc.) are an eligible expense.

**ELIGIBILITY FOR LOAN:** The applicant must be the registered owner of the property. Loan assistance is available for any building or contiguous group of buildings held in one ownership or any building separated from another building by a solid party wall. Each property is eligible for two (2) loans provided the loans do not exceed the maximum amount allowable under program guidelines. The owner must have sufficient equity to cover outstanding commitments including the Town lien. All mortgages and loans, including the Façade Restoration Loan must not exceed 90% of the post rehabilitation value of the property according to the last revised assessment roll. All taxes must be paid in full when the loan is approved and for the lifetime of the loan.

**LOAN DETAILS:** Loans will be available to cover 50% of eligible improvement costs to a maximum of \$5,000.00. The loan is interest free. The amortization period for the loan will be to a maximum of five (5) years. The loans will be secured through the registration of a lien on title for the total loan amount. Liens will be noted on the next tax roll. Liens will be registered and discharged by the Town.

Property owners may qualify for financial assistance under other programs; however, the funding from these programs cannot be used to subsidize the property owner's share of the total cost of the façade improvements.

The loan shall be paid to the property owner upon receipt of invoices for completed work and inspection of the completed improvements by the staff of the Town of Goderich Building Department.

Repayments of the loan will be on a monthly basis, commencing on the 15<sup>th</sup> of the month following receipt of loan. The loan will come from the Heritage Enhancement Reserve Fund and the money be paid back to said account. The loan shall not be paid by the town to the owner – until a final inspection has been made approving the completed work.

**Additional rehabilitation and demolition:** Any additional rehabilitation work to the façade can be undertaken without Building Department approval subject to the obtaining of a building permit where required. One objective in providing the assistance under this program will be to bring the entire property into conformity with the Property Standards By-law.

There are no restrictions on demolitions except that any outstanding loans must be repaid to the municipality prior to the issuance of a demolition permit; however, a request for demolition must comply with all applicable law.

**APPLICATION PROCEDURE:** The applicant will be required to complete an application form and submit the form with a minimum of two estimates of the costs of the proposed improvements to the Local Architectural Advisory Committee (Heritage Goderich).

Following the submission of the loan application and prior to its approval, the Building Department will inspect the building to review the proposed improvements and the structural condition of the building front. The Building Department will make arrangements for a title search of the property and check on tax payment records.

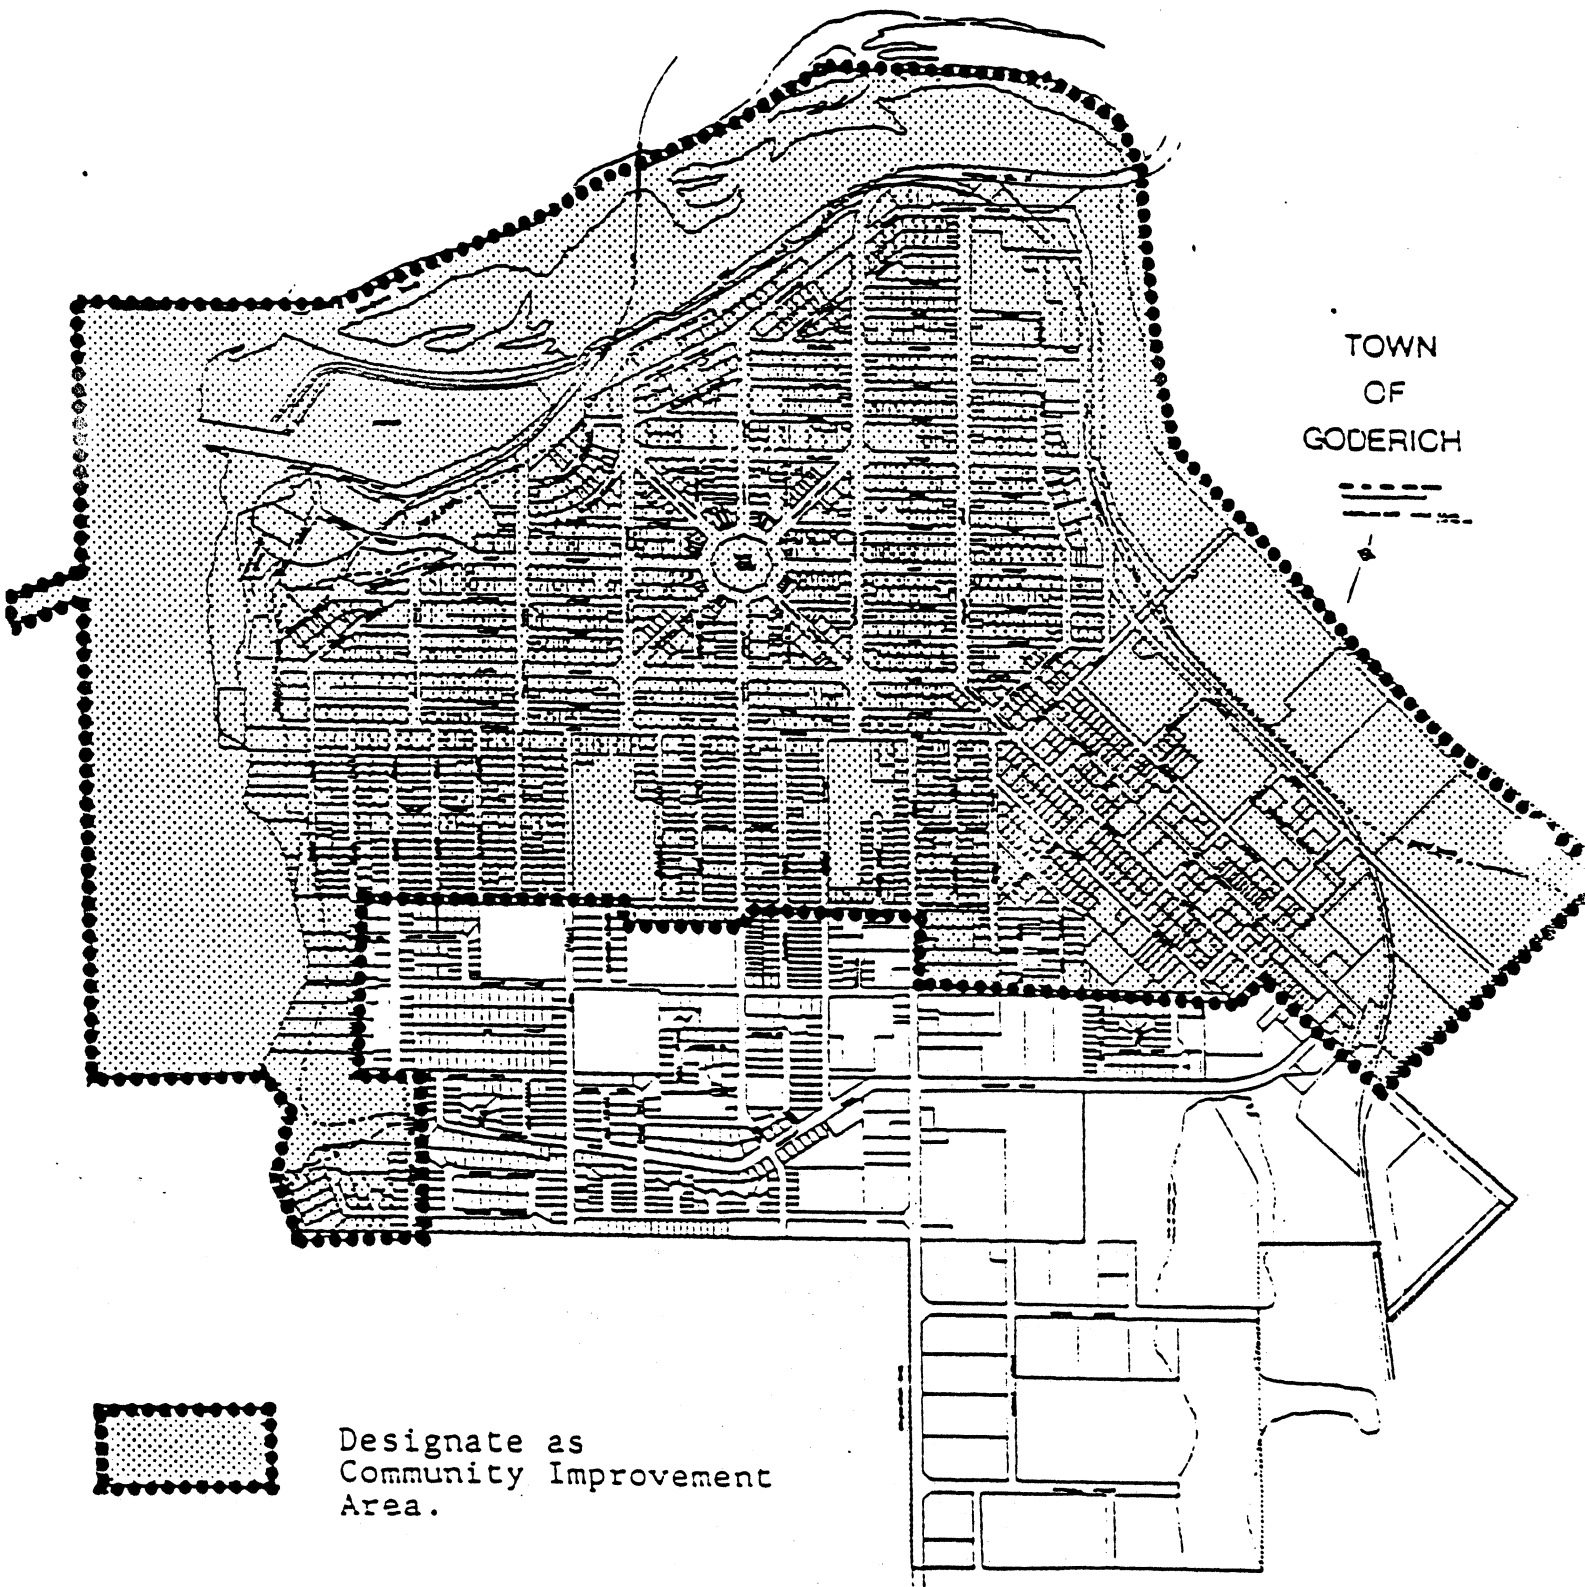

The loan application will be processed by Heritage Goderich. The applicant may appeal the decision of Heritage Goderich to Council.

Loan commitments will be given on the availability of funding. Should there not be adequate funding completed applications will be held and processed in chronological order as soon as funding is available. Loan commitments will be valid for one year and will expire if the work is not completed within that time period. At the discretion Heritage Goderich, loan commitment approvals may be extended for up to six months past the initial one year period when circumstances have made it impossible for the property owners to complete the approved commitments to their buildings within the allotted time and adequate funding is available to provide for all applications which have been received under the program.

A second inspection will be made following the completion of the improvements and prior to the payment of the loan to verify that the proposed improvements have been completed as described in the application. There will be no progress payments.

The loan agreement will be signed when the work is completed and just prior to the loan being advanced with the amortization period, payment dates and maturity date being established at that time. Loan repayments shall not exceed five (5) years.
