Signature of owner, or of person authorized by
said owner to commit the owner and to act as his
agent in this matter. _____

Date: _____

If the name of the signee above is different from
the owner, please print signee's name here: _____

Tel. No.: _____

WHEREAS Sentence 1.2.1.1.(1) of Ontario Regulation 350/06, made under the authority of the Building Code Act, 1992 requires the building designated in table 1.2.1.1. of the said Regulation to be designed by an architect or professional engineer or both;

AND WHEREAS Subsection 1.2.2. of the said Regulation provides that, where a building has been designed by an architect or professional engineer or both in accordance with sentence 1.2.1.1.(1), an architect or professional engineer or both shall be responsible for the general review of the construction of the building in accordance with the performance standards of the Ontario Association of Architects or the Association of Professional Engineers of Ontario, as applicable;

THEREFORE, the owner, being the person who intends to construct or have a building constructed, hereby warrants that architects/professional engineers are retained for the general review of the construction of the building as required by Subsection 1.2.2. of the said Regulation, and that

SEE REVERSE

(Standard Form as approved by APEO, OAA and OBOA)

1. The architect who is retained to undertake the general review of the construction of the building is to do so in accordance with the Performance Standards of Ontario Association of Architects, prescribed by Section 50 of Revised Regulations of Ontario 1990, Regulation 27; to wit the architect, with respect to the matters that are governed by the building code, shall,
 - i) make periodic visits to the site to determine whether the work is in general conformity with the design documents that were prepared by a member or holder,
 - ii) inform the client and contractor in writing as to the progress and quality of the work and as to any part of the work that the member or holder has observed during the visits to the site not to be in conformity with the design documents,
 - iii) review all changes to the design documents to determine whether the changes conform to the building code,
 - iv) review and comment on shop drawings and samples for general conformity with the design concept of the work, and
 - v) if the member or holder is specifically engaged to co-ordinate the general review of the professional engineers and reports of the inspection and testing companies, co-ordinate the general review of the professional engineers and the reports of the inspection and testing companies that pertain directly to the work being reviewed and arrange for the distribution of such reports to the client and the contractor, or
 - vi) if the member or holder is not engaged to perform any or all of the services listed in subparagraph v, co-operate with the professional engineer responsible for the co-ordination of the general review in order to assist the professional engineer in the carrying out of the functions described in that subparagraph.
 2. In paragraph 1, “design document” means a design or other document which formed the basis for the issuance of a building permit and includes all changes thereto that were authorized by the chief building official as defined in the *Building Code Act* O. Reg. 368/86, s. 3, part.
-

1. The engineer who is retained to undertake the general review of the construction of the building is to do so in accordance with the Performance Standards of Association of Professional Engineers prescribed by Section 78 of Revised Regulations of Ontario, 1990, Regulation 941; to wit professional engineers, with respect to matters that are governed by the building code, shall,
 - i) make periodic visits to the site to determine, on a rational sampling basis, whether the work is in general conformity with the plans and specifications for the building,
 - ii) record deficiencies found during site visits and provide the client, the contractor and the owner with written reports of the deficiencies and the actions that must be taken to rectify the deficiencies,
 - iii) review the reports of independent inspection and testing companies called for in the plans and specifications and which pertain directly to the work being reviewed,
 - iv) interpret plans and specifications when requested to do so by the client, contractor or owner, and
 - v) review shop drawings and samples submitted by the contractor for consistency with the intent of the plans and specifications.
 2. The professional engineer shall not review work in disciplines in which the professional engineer is not qualified.
 3. The professional engineer may delegate one or more of the functions described in paragraph 1 to another person where it is consistent with prudent engineering practice to do so and the functions are performed under the supervision of the professional engineer.
 4. In paragraph 1, “plans and specifications” means a plan or other document which formed the basis for the issuance of a building permit and includes all changes thereto that were authorized by the chief building official as defined in the *Building Code Act*. O. Reg. 421/86, s. 1.
-

The owner, being the person who intends to construct or have a building constructed, agrees to have each of the retained Architects(s) and Professional Engineer(s) complete, properly authorize and return to the Building Department, the General Review Commitment Certificate(s) prior and as a condition precedent to permit issuance and hereby authorizes the retained Architect(s) and Professional Engineer(s) to forward directly to the Chief Building Official, forthwith upon their completion, all written reports arising out of the required general review undertaken pursuant to Subsection 1.2.2. of the said Regulation by the retained Architect(s) and Professional Engineer(s).

IMPORTANT: Where any retained architect or professional engineer ceases to provide the general review of the building during construction as required herein, another architect/professional engineer shall be retained immediately so that the general review as described above will continue uninterrupted, and the registered owner shall forthwith, in writing, advise of such termination and submit the name of the new architect/professional engineer to the Chief Building Official.

EVERY PERSON WHO KNOWINGLY FURNISHES FALSE INFORMATION IN ANY PERMIT APPLICATION UNDER THE BUILDING CODE ACT 1992 OR IN ANY STATEMENT REQUIRED TO BE FURNISHED UNDER THAT ACT OR PURSUANT TO THE ONTARIO BUILDING CODE, IS ON CONVICTION, LIABLE TO A FINE.
